MERCEDES MARTÍNEZ GUZZO

FrontEnd Developer | JS - ReactJs - Wordpress

Location : Buenos Aires, Argentina

E-mail : mamercedesguzzo@gmail.com

Linkedin : https://www.linkedin.com/in/mercedes-martinez-guzzo/

Portfolio : https://portfolio-mercedes-mart-guzzo.vercel.app/

PROFESSIONAL PROFILE

FrontEnd Developer specialized in JS, React.JS, and WordPress. I work on creating accessible, responsive, and visually compelling interfaces, integrating animations with GSAP and applying best development practices at every stage.

PROJECTS

I've developed web projects for musicians, educators, and e-commerce stores, using technologies such as JavaScript,React.Js, WordPress, and GSAP. I focus on responsive design, optimization, and accessibility, integrating specific features according to each need.

Cristian Basto – Official WebSite

🔗 cristianbasto.com.ar

Personal website of double bassist Cristian Basto. Clear navigation, responsive design, dark mode, and dynamic language switching.

Technologies: HTML, CSS, JavaScript, GSAP

Natalia Bril – Official WebSite

🔗 nataliabril.com.ar

Personal website for singer and teacher Natalia Bril. Sections for courses, music, and contact information. A bilingual site with a dynamic language switching feature that allows you to switch between two languages without reloading the page.

Technologies: HTML, CSS, JavaScript, GSAP

**La Tienda de Francini – E-commerce (fictional)**

🔗[La Tienda de Francini](#)

Online store developed with WordPress and WooCommerce. Responsive, intuitive.

Technologies: WordPress, Elementor, WooCommerce, CSS

EDUCATION

CODERHOUSE

React.JS | 2024 📄 reactjs.png

Javascript | 2024 📄 js.png

Desarrollo Web | 2023 📄 desarrolloWWeb.png

TECHNICAL SKILLS

FrontEnd: JavaScript (ES6+, DOM, asincronía, fetch), React.js (Hooks, SPA, Context, optimización de performance)

Backend & APIs: Firebase (Firestore), REST APIs

CMS & E-commerce: WordPress (Elementor, Gutenberg) | WooCommerce

UI & Estilos: GSAP (animaciones fluidas y controladas), Bootstrap, Material UI, React Bootstrap, SASS

Testing: Vitest, Jest

DevOps: Git/GitHub, Netlify, Vercel, Pantheon

Design: Semantic HTML, advanced media queries, accessibility best practices (contrast, keyboard navigation), focus on user experience, SEO (tag, structure, and content optimization)

SOFT SKILLS

Clear communication to collaborate with technical and non-technical teams

Adaptability and flexibility to rapid changes in projects and technologies

Proactivity and constant interest in learning new technologies and best practices

Time management to meet deadlines and deliver quality code

LANGUAGES

English : Intermediate
